

Good skincare starts young

Baby Balm – Lavender and Chamomile

Suitable for babies' bottoms as a massage balm or nourishing body moisturiser. As children's skin does not produce oil until approximately 10 years of age it is important to moisturize the skin where soaps or detergents are used during bathing.

Also great on elbows and heels! Contains Lavender and Chamomile essential oils to soothe and calm. May be helpful in the treatment of Eczema, Dermatitis or Psoriasis.

Apply after every nappy change and after bathing baby. For massage melt between the palms of your hands before applying.

Baby Massage Oil - Mandarin

Natural essential oils of organic Mandarin, Lavender and Rosehip will soothe, calm and moisturise the skin. Great for massage or add a splash to your baby's bath.

Gentle Baby Wash

This very mild pure liquid castille soap will keep your baby's skin soft and clean. Natural essential oils of organic Mandarin, Lavender and Rosehip will soothe, calm and moisturize the skin.

Use a small amount on a muslin washcloth to gently cleanse your baby. Follow with SkinThings Lavender and Chamomile Baby Balm or Baby Massage Oil.

Quality Ingredients = Quality Product:

Organic Jojoba Oil

Jojoba Oil is an effective skin conditioner, softener and smoother because because of its close resemblance to the natural sebum secreted by human glands. In fact, its moisturising abilities are essentially doubled, because in addition to the skin's fast absorption of its sebum-like molecules, it also forms a lipid layer on the skin that helps retain moisture levels. This quality makes it an excellent ingredient for our Lavender and Chamomile baby balm.

Olive Oil

This oil is from the first (cold) pressing so it contains maximum nutrients, which have not been destroyed with heat or chemicals. Olive oil is a mono unsaturated oil high in oleic acid that is vital for nutrition.

Avocado oil

A softening and moisturising oil that aids the healing of the skin and regeneration of new skin cells.

Lavender essential oil (organic)

Its anti inflammatory and soothing properties have a balancing effect on the skin. Lavender can help prevent infections and sooth irritated skin. Effective in the treatment of dermatitis, eczema, psoriasis, boils and acne.

Roman chamomile

Excellent for calming sensitive skin. Reduces inflammation and accelerates healing. Anti-inflammatory, moisturizing and softening.

Mandarin essential oil (organic)

It is used to treat skin disorders and rashes, while inhalation treats insomnia, hyperactivity in children, restlessness and nervous tension.

Something for mum too...

Mandarin Stretch Mark Balm

Our delicately blended stretch mark butter is rich and moisturising, aiding in the prevention of stretch marks. The gentle fragrance of mandarin is lightly refreshing yet mild, soothing and calming. Suitable for pregnancy after the first trimester.
